 Caltanissetta  
(Sicily)

For sale, in the heart of central Sicily, is a rare Jesuit complex built between the late 16th and early 17th centuries as a "residence-workplace," the hub of agricultural and spiritual management. The complex comprises approximately 4,000 square meters of monastery and buildings, organized around a monumental quadrangular courtyard of approximately 1,900 square meters, and extends over approximately 22 hectares of land: a natural setting of hills, light, and Mediterranean silence. The entrance, through the historic entrance gallery ("turchetto"), leads to a courtyard ideal for creating an open-air "living room" for hospitality, dining, and events. The main façade is an iconic architectural feature: a round-arched portal in rusticated stone and a concave poly-lobed balcony with floral corbels, crowned by a broken pediment and Jesuit coat of arms. Its origins, documented by a donation in 1588, give the property a superior historical and cultural value as a center of social, educational, and administrative organization. There is also the Chapel of the Sacred Heart of Jesus, with a stone portal, white stucco, and 18th-century majolica decorations: the perfect space for ceremonies, concerts, and heritage weddings. Due to its size and identity, the property lends itself to a luxury conversion (relais/boutique hotel, experiential resort, wellness retreat, private events, premium agricultural project). Strategic location: 30 minutes from Agrigento and the Valley of the Temples, 2 hours from Palermo, 1 hour 30 minutes from Catania and 1 hour 30 minutes from Cefalù; close to beaches such as Scala dei Turchi, San Leone, Siculiana Marina, Punta Bianca and the Torre Salsa Nature Reserve.
